## The Republican Campaign Program.

The lines along which the Republicans will cor duct their campaign were outlined with some detail by Senator Townsend, of Michigan, in a speech delivered in the Senate last week. Fire Commissioner Robert Adamson proposes to launch a campaign for revolutionary amendment of the fire prevention laws.

It was announced last night that yesterday's unusual celebration of "Fire Preventive Day" was meant chiefly to prepare the way for a safety propaganda and to arouse public interest.

Under the bill which Commissioner Adamson proposes to submit to the next legislature, the man who has a fire will be regarded as a public enemy on the ground that he probably has endangered lives and property in the community.

One provision will end free fighting of fires caused by carelessmess.
